

# Tandem skydive

The ultimate thrill

[www.londonparachuteschool.com](http://www.londonparachuteschool.com)

London Parachute School is a  
British Parachute Association Affiliated centre.

Looking for an incredible adrenaline experience? Imagine the exhilaration, excitement, pride and accomplishment you'll feel, as well as a few nerves, in taking part in a Tandem skydive.

## What happens on the day?

On the day of your skydive, you'll be given a 30 minute detailed briefing. You will be shown the equipment used and how it works, as well as given full instruction on exiting the aircraft, freefall and how to land safely.

When it's your turn to skydive you will be securely attached to a British Parachute Association Tandem Parachute Instructor and together you will board the aircraft. This will then climb to around 12,000ft giving you plenty of time to enjoy the views.

Now it's time to skydive! You and your instructor will exit the aircraft and begin your freefall, reaching speeds of approximately 120mph. At around 5,000ft your instructor will deploy the main parachute and you will begin your 5 minute descent under canopy back to the landing area.

Don't forget  
You can book  
a freefall  
photographer  
to capture your  
whole skydive.

### **Age and fitness**

The minimum age for a tandem skydive is 16, there's no upper age limit.

If you are aged between 16 and 18 you will need signed permission from a parent or guardian.

If you will be 40 or over on the day of your skydive, or you have any of the following medical conditions; diabetes, epilepsy, fits, recurrent blackouts, heart or lung disease, mental illness or asthma you will need to get your GP to sign and stamp your medical form.

### **Weight**

The upper weight limit is 15 stone. Please note that weight needs to be in proportion to height and conditions need to be suitable on the day of the jump.

### **Weather**

As you can imagine, weather plays an important part in skydiving, we will only skydive when the weather conditions are safe to do so.

### **Insurance**

You will be covered by the BPA's Public Liability insurance for up to £2 million liability to third parties. This doesn't cover you for personal injury or death. If you want to arrange Personal Accident Insurance for your skydive you will find some recommended insurers on the BPA's website at [www.bpa.org.uk/insurance](http://www.bpa.org.uk/insurance).

### **Groups**

If you would like to jump as group of friends or work colleagues, just get in touch.

### **Filming your jump**

We highly recommend our DVD and photos option. A freefall photographer will record your skydive and preserve your memories on a professionally edited DVD, it's great to show your friends and family just to prove you did it. This can be arranged in advance or on the day for £100.

Why not give someone a gift of a lifetime.

We have Gift Vouchers and Gift Packs available.

## Gifts

Gift Vouchers for a tandem skydive are available at no extra charge or, if you would like something a little more special, we also sell Gift Packs for an extra £16.95. The Gift Pack is personalised and includes a Skydive Voucher and a T-shirt. This will be gift wrapped and sent Special Delivery.

If you wanted to organise the whole skydive as a surprise then you can fill in the skydiver's details, preferred date and location on the form yourself. You will need to consider their age and health as a BPA medical form may have to be completed in advance by their doctor.

## Prices

Tandem skydive: £230  
Tandem skydive + DVD and photos: £330  
Tandem skydive Gift Pack: £246.95  
Tandem skydive + DVD and photos Gift Pack: £346.95

## Ready to book your jump?

A booking form can be downloaded from our website, or we can send one out to you. You will need to send this, along with a non-refundable £50 deposit, to:

London Parachute School  
The Byre, Easthampstead Road,  
Wokingham, Berks, RG40 3AE.

We will send you confirmation of your booking, directions and any further details.
